

## REGISTERED MASSAGE THERAPIST

At CONNECT, treatment goes further than the massage table. A holistic approach is taken to patient care where like-minded clinicians create an environment leading to patient success and excellent relationships with area physicians. As part of this holistic approach, RMT's gain clinical practice by working with the entire team in addition to 1:1 time with clients. This way, clients receive the dedicated and proactive care they deserve.

In just three years, we've tripled the size of our team and increased our facility by 1,000 square feet. This is where you come in. We're looking for an RMT who wants full administrative support (booking, laundry and everything in between) a constantly growing client list, and thrives in a private environment (no WSIB, MVA or OHIP) where thinking outside the box is encouraged

With a competitive fee split and the support to market and build your practice, we have your back. This fee split comes after a 6 month transitional period providing you time to build a caseload and settle into the area. So, if you're a registered massage therapist, and looking for a new opportunity, we want to hear from you.

### WHAT CONNECT OFFERS:

-  Personal & Professional Growth
-  Work/Life Balance
-  Transition to Practice Program
-  Holistic, Team Approach to Care
