

CONNECT IS LOOKING FOR A WOMEN'S HEALTH PHYSIOTHERAPIST

No one wants to move to Owen Sound until they're here, then they wonder why it took them so long to get here. So give us a chance and read this whole job posting before you decide we're too small of a town. We promise we're worth it

First of all, who the heck are you?

You're a Registered Physio (duh) who is rostered for internal pelvic floor physiotherapy, but you're not a one-trick pony, no way! You also take an external pelvic floor approach and pride yourself in your ability to progress PF training until it looks a heck of a lot more like the exercise that that patient loves to do.

You would rather spend more time with people, not feel rushed, and work entirely in the private system (no OHIP, no MVA, no WSIB).

You love working in a team environment, and having a cohesive, fun, supportive, positive work culture is important to you.

You identify as a dog person.

Now, who the heck are we?

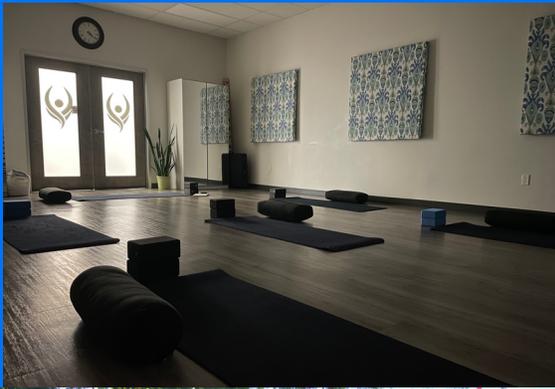

We're a privately owned physiotherapy clinic, run by physiotherapists with the goal of building the best clinic for the very best clinicians. That means supporting you in your career goals, paying you an above-market fee split, and only hiring people that fit into our vision. We built CONNECT because we wanted to live our best lives at work, and now we do.

Our names are Clare, and Steph, and we believe the best care starts with spending more 1:1 time with people. We have a vision for what we're going to accomplish as your bosses, your teammates, and clinicians ourselves. We would love for you to read it. KEEP READING, WE'RE NOT DONE YET

CONNECT IS LOOKING FOR A WOMEN'S HEALTH PHYSIOTHERAPIST

Why on earth would you want to work for us?

We target active, healthy families as our main market. Our patients are fun to work with, and they're incredibly invested in their own care.

We need a pelvic floor therapist because our city and the surrounding area have a huge demand for one. If you want to see 100% pelvic, we can do that, if you want to mix in some ortho, we can do that, if you want to learn more about paediatrics and mix that in, we can do that too.

We're a growing clinic and we want growth-minded physiotherapists to add to our team, this is an opportunity to build the career that you dreamed of when you first joined our profession.

The most important thing for us is hiring someone who is going to love working with our existing team as much as they love working with you.

Did we mention Owen Sound is also an amazing place to live? The sign on the highway even says: "Where You Want To Live"

Are You Ready To Apply?

Now, you've made it this far, and we're grateful that you've even entertained the idea of packing up and moving to the Bruce. If you think we could be the right fit for you, have a read through our Vivid Vision ([CONNECTrehab.com/vivid-vision](https://connectrehab.com/vivid-vision), if you haven't already gone there), and send us an email with your resume and cover letter to admin@connectrehab.com.

We'll meet over Zoom, and if we hit it off we would love to bring you to Owen Sound for a visit (on us!).

Our start date for this position is flexible based on what you, our next prospective teammate, need.

We'll talk to you soon,

Clare and Steph
